MEMORANDUM FOR: Deputy Director (Intelligence)

ATTENTION: [REDACTED]

SUBJECT: Agency Publications Board

1. With regard to the appointment of the Publications Board at the Deputies' Meeting on 12 August 1957, my recollection is that it was agreed that after the Board had studied the situation it would prepare its own charter, defining the scope of its interest and activities, and then obtain approval at a subsequent Deputies' Meeting of its charter responsibilities. (As far as I know this has not been done.) At this Meeting I raised the question as to whether or not it was intended that the Board consider all publications or only intelligence publications, and it was clearly stated by General Cabell that we were talking about intelligence publications only. It was primarily for this reason that Mr. [REDACTED], a Printing and Reproduction Technician, was assigned as the DD/S representative on the Board.

2. With regard to the proposed Notice itself, it would seem to [REDACTED] that pending the approval of a permanent charter the Board should make recommendations rather than "control, decide", etc., and that after it had submitted its initial recommendations a decision could be made as to whether its conclusions would be submitted as a proposed Agency Regulation.

3. In view of the foregoing, I would like to request that the Board consider adopting the amendments which I have suggested on the attached proposed Agency Notice.
